## PROFESSIONAL EXPERIENCE

### GTIS Partners

**New York, NY**

*Private Equity Summer Analyst*

*June 2025 - August 2025*

- Received one-on-one mentorship from the CCO alongside 10+ senior executives to learn strategic decision-making in finance while collaborating directly with the CTO and IT Analyst on systems support, software deployment, and strategic IT initiatives
- Organized and maintained deal pipeline by categorizing assets as active or closed deals and segmenting by Opportunity Zone designations (OZ-1 or OZ-2) enabling enhanced portfolio tracking and strategic oversight for senior leadership
- Evaluated Microsoft licenses and proposed consolidation strategies projected to save the firm up to 15% in annual software costs
- Contributed to AI integration initiatives to improve operational efficiency and support technological advancement goals

## LEADERSHIP EXPERIENCE

### StackHacks

**Binghamton, NY**

*Chief Executive Officer*

*May 2025 - Present*

- Direct Executive Board through strategic delegation, executing technical workshops and networking events for 100+ students
- Lead product management strategy and oversee 4 specialized project teams in developing technical solutions for campus needs
- Establish frameworks for professional development workshops and project team structure to foster organizational success

*Co-Founder & Chief Marketing Officer*

*April 2024 - May 2025*

- Co-Founded StackHacks, a software engineering project team dedicated to supporting underrepresented students
- Drove community growth by leading marketing efforts across multiple channels, leading to a 600% increase in membership

### HackMIT

**Boston, MA**

*Hacker*

*September 2025*

- Built a personalized financial planning platform, Prosperity, in 24 hours, analyzing 20+ data points with JavaScript, HTML, and Python to deliver tailored insights, real-time financial modeling, and full-stack functionality for users seeking financial freedom
- Developed 5+ interactive visualizations, including cash flow waterfalls, debt payoff timelines, and compound growth charts, enabling users to compare current vs. projected financial trajectories with quantified improvement metrics

### Bank of America Mergers and Acquisitions Case Competition

**Binghamton, NY**

*Competitor*

*Fall 2024*

- Spearheaded buy-side summary for proposed acquisition of U.S. Steel (NYSE: X) by Cleveland-Cliffs (NYSE: CLF)
- Performed valuation analysis using DCF, comparable companies and Monte Carlo analysis, leading to a Pro Forma EPS of \$5.38; conducted accretion/dilution analysis to achieve optimized deal size/structure for maximum synergy realization
