PROFESSIONAL EXPERIENCE

Community Preservation Corporation (CPC) **New York, NY**
Asset Management Summer Analyst *June 2026 - August 2026*
- Monitored a $353M portfolio of 10,000+ units in CPC's residential real estate agency sector, conducting rigorous quarterly DSCR analysis and watchlist tracking to proactively flag at-risk loans and support credit risk mitigation efforts
- Supported asset management for CPC's $5.9B Community Stabilization Partners portfolio, contributing to compliance reviews and property inspections across 35,000+ rent-regulated units while liaising with borrowers and ensuring investor satisfaction

Brightshore Capital **New York, NY**
Private Equity Summer Analyst *June 2025 - August 2025*
- Received one-on-one mentorship from the CCO alongside 10+ senior executives to learn strategic decision-making in finance while collaborating directly with the CTO and IT Analyst on systems support, software deployment, and strategic IT initiatives
- Organized and maintained deal pipeline by categorizing assets as active or closed deals and segmenting by Opportunity Zone designations (OZ-1 or OZ-2) enabling enhanced portfolio tracking and strategic oversight for senior leadership
- Contributed to AI integration initiatives to improve operational efficiency and support technological advancement goals

PROJECT EXPERIENCE

Prosperity | *Claude Code, Python, R, JavaScript, HTML, CSS* *September 2025 - Present*
- Engineered financial modeling platform at HackMIT analyzing 20+ user financial metrics to generate tailored investment recommendations, multi-year budget forecasts, optimized debt repayment strategies with real-time data visualization
- Designed interactive financial dashboards with 5+ visualization types including waterfall charts and Monte Carlo projections, allowing users to model debt payoff acceleration, compare ROI across investment strategies and long-term wealth trajectories

LEADERSHIP EXPERIENCE

StackHacks, Binghamton University **Vestal, NY**
President and Co-Founder *April 2024 - Present*
- Co-Founded StackHacks, a student-run software engineering organization committed to empowering underrepresented students
- Direct Executive Board and 4 specialized project divisions, delivering workshops, events, and product strategy for 100+ students

Barclays Equity Research Case Competition **Vestal, NY**
Competitor *January 2026 - April 2026*
- Spearheaded equity research coverage for Lantheus Holdings (NASDAQ: LNTH) with evidence-backed BUY recommendation
- Built detailed analytical models incorporating WACC calculations (9.8%), revenue projections through 2028, and beta analysis (0.72), resulting in LNTH price target of $130.00 representing 25.0% upside potential from $104.00 current trading
